### OBJECTIVE

Motivated B.Sc. in AI and ML student with hands-on experience in Chatbot Development and Fine Tuning Large Language Models (LLM). Developed and deployed a General Legal Assistant AI Chatbot and a Legal Contract Analyzer and Creator Chatbot using Web Designing Programming Languages. Proficient in Python for AI/ML and skilled in Image Classification using Convolutional Neural Networks (CNN). Seeking to leverage these practical skills to contribute to a forward thinking team.

### EDUCATION

2023 - 2026

#### ADITHYA COLLEGE OF ARTS & SCIENCE

- B.Sc AIML - 73%

2022 - 2023

#### MOHAMADIA HR. SEC. SCHOOL

- HSC - 60%

### CERTIFICATES

- AI with Python - Beta Technologies
- Machine Learning with Python - Beta Technologies
- Web Development (HTML, CSS & JS) - Beta Technologies
- C Programming - Beta Technologies

### SKILLS

- Presentation skills
- Communication Skills
- Quick Learner
- Adaptability

### ONLINE CERTIFICATIONS

- Prompt Engineering
- Automation using AI
- Celonis Process Mining Fundamentals
- Machine Learning Fundamentals
- Python Programming
- UiPath apps

### LANGUAGES

- Tamil - Primary
- English - Secondary
- Arabic - Learning

### TECHNICAL SKILLS

- AI with Python
- Prompt Engineering
- Web Designing (HTML, CSS & JS)
- Chatbot Development
- API route customization
- Fine Tuning Large Language Models (LLM)

### TOOLS

- Gen AI
- MS Office
- Canva
- Google Collab
- VS Code
- Github
- Jupyter Lab

### PROJECT WORKS

- General Legal Assistant AI Chatbot - Chickie
- Legal Contract Analyzer and Creator Chatbot - Chickie
- Voice Assistant using 'gemini-2.5-pro' AI model
- Image Classification using Convolutional Neural Networks
